

PROVIDE THE SOLUTION

VWFG

PORTABLE SCALE WITH FORKLIFT GUIDES

HEAVY DUTY PLATFORM SCALE BUILT-IN FORKLIFT GUIDES

QUALITY UK MANUFACTURING FOR OVER 25 YEARS

- 2 year manufacturer's warranty
- UK made to the highest quality standards
- Portable with built in forklift guides - any width/size
- Extra heavy duty design - built to last
- Extra tough powder-coated mild steel construction
- IP67 stainless steel OIML approved loadcells
- Fully customisable - size, colour, capacity...
- Various standard sizes and capacities
- Custom sizes and capacities available

The UK made VWFG is a unique portable heavy duty weighing solution. Built-in forklift guides allow the platform to be quickly and easily picked up and moved to another location, providing flexibility to weigh wherever it is needed. The VWFG is renowned for its impressive design and build quality and is one of the strongest and most durable platform scales available. All models have OIML approved IP67 waterproof stainless steel loadcells and a capacity of up to 5,000kg as standard (higher capacities available on request) guaranteeing accurate and reliable weighing in the harshest of environments. The VWFG has a 2 year warranty and is designed and built to order in the UK. As such every model can be customised to meet specific requirements such as custom fork width/spacings, dimensions, capacity, colour and mounting frames. All models feature stainless height adjustable feet, a sealed stainless junction box and a extra tough and highly durable powder-coated finish as standard.

CLASS III VERIFIED

Our ISO 9001:2015 registration includes our quality system approval for Self Verification, allowing us to test and certify scales for trade use here at our factory. All VW platforms use OIML approved loadcells and are designed for Class III approval.

CUSTOMER SUPPORT

We provide the highest level of before and after sales and service support. Our technical staff are highly experienced and knowledgeable in all aspects of the weighing industry and are ready to provide support and advice on any of our products.

QUALITY

Our ISO 9001:2015 registration ensures that all of our platforms are manufactured to strict quality standards and are fully QA tested and calibrated by our highly trained engineers.

EXPERIENCE

The quality and reliability of the VW range of industrial weighing scales is the result of over 25 years of design and manufacturing experience.

RELIABILITY

The VW range is built to last. We use quality components and will not compromise on material and build quality. All of our loadcells are OIML approved and all platforms can be Class III verified as required.

MODEL	DIMENSIONS*
VWFG1212	1250mm x 1250mm
VWFG1512	1500mm x 1250mm
VWFG1515	1500mm x 1500mm
VWFG1812	1800mm x 1250mm
VWFG1815	1800mm x 1500mm
VWFG2115	2100mm x 1500mm

*Other custom dimensions available on request

SPECIFICATIONS

CAPACITY OPTIONS	1000kg, 1500kg, 2000kg, 3000kg, 5,000kg (Other capacity options available on request)
PLATFORM HEIGHT	Approx. 140mm to Weighing Area
CONSTRUCTION	Mild steel with durbar/checker top plate (Smooth plate optional) 100 x 50 x 5 PFC frame on-side with 4.5mm top plate Enclosed forklift channel guides
FINISH	Professional tough powder-coated blue finish
LOADCELLS	4 off Flintec OIML approved IP67 rated stainless steel loadcells
CABLE	5m of high quality cable with steel armoured braiding
FEET	Height adjustable stainless steel rubber based mounting feet
