VWPAS HIGH CAPACITY PORTABLE AXLE SCALES

**EXTRA HEAVY DUTY
TOUGH AND BUILT TO LAST**

QUALITY UK MANUFACTURING FOR OVER 25 YEARS

- 2 year manufacturer's warranty
- UK made to the highest quality standards
- Easy Access via 500mm long on and off ramps
- Portable platforms with forklift guides
- Extra heavy duty design - built to last
- Extra tough powder-coated mild steel construction
- IP67 stainless steel OIML approved loadcells
- Complete with 2 platforms & 2 ramps per platform
- Custom sizes and capacities available

The UK made VW range of high capacity platform scales are renowned for their impressive design and premium build quality and are one of the strongest, toughest and most durable scales available. The VWPAS is a highly portable axle weighing solution which incorporates two 2000mm long x 760mm wide (other sizes on request) platform scales with built in fork-lift guides and two on and off ramps per platform. The platforms include OIML approved IP67 waterproof stainless steel loadcells and have a capacity of up to 12,000kg per platform (higher capacities available on request). Over 25 years of experience in platform design and manufacture along with stringent QA testing ensures years of accurate and reliable weighing performance in the harshest of environments. The VW range is backed by a 2 year warranty and is designed and built to order in the UK.

CLASS III VERIFIED

Our ISO 9001:2015 registration includes our quality system approval for Self Verification, allowing us to test and certify scales for trade use here at our factory. All VW platforms use OIML approved loadcells and are designed for Class III approval where possible.

CUSTOMER SUPPORT

We provide the highest level of before and after sales and service support. Our technical staff are highly experienced and knowledgeable in all aspects of the weighing industry and are ready to provide support and advice on any of our products.

QUALITY

Our ISO 9001:2015 registration ensures that all of our platforms are manufactured to strict quality standards and are fully QA tested and calibrated by our highly trained engineers.

EXPERIENCE

The quality and reliability of the VW range of industrial weighing scales is the result of over 25 years of design and manufacturing experience.

RELIABILITY

The VW range is built to last. We use quality components and will not compromise on material and build quality. All of our loadcells are OIML approved and all platforms can be Class III verified as required and where possible.

OPTIONS

- Custom Dimensions
- Extra High Capacity
- Smooth top plate
- Custom colours
- Calibration Certificate to National Standards
- Pit/Locating Frame for Dormant/In-Ground
- Removable Top Plate
- Longer Ramps for easy access
